Dear Charleen Brake

LETTER OF APPRECIATION

As the new Manager of the Ruth First Jeppe Memorial Trust, I am writing to express my sincere gratitude for your consistent support and generosity towards our mission of empowering girls through education in South Africa.

Since the Trusts inception, with our first learners entering Grade 8 in 2011, CeeBee has played an important role in the work we do providing scholarships for girls to access quality high school education at Jeppe High School for Girls. These young learners are living in difficult circumstances but have displayed great resilience, potential and determination to succeed in life. Thanks to the long-term support we have received from CeeBee, initially with partial funding in 2011 and then full funding in 2012, CeeBee has made a significant difference to our learners and their families.

We are so grateful and hope to continue with our partnership in girls' empowerment.

Sincerely

RA Hill
Manager

Child Welfare receives new set of wheels

CeeBee Debt Management Services blessed the Boksburg Child Welfare with a Nissan Micra on September 15.

This comes after the company read an article in the Advertiser about the organisation appealing for a vehicle.

MD of CeeBee Douglas Brake and founding director Charleen Brake, said they always believed in giving back to society.

"The day before reading the article we had a company vehicle become surplus to the requirement as the CMS who used it decided to go onto car allowance. The organisation Operates in Boksburg, Voelloorus and Raigser Park, so by donating the car we are giving something to our direct community.

"As parents and grandparents, children are very close to our heart. We have over the years sponsored many children's school fees through CeeBee. We are sponsoring five children. We have for over 10 years sponsored a child at Jeppe Girls through the Ruth First Trust."

Douglas explained they will also carry out the maintenance and servicing of the car.

The organisation's acting director, Nompumelelo Gidela, cried tears of joy during the handover and thanked the company for their generosity.
